

CL100 LaviLock™

CL100 LaviLock™

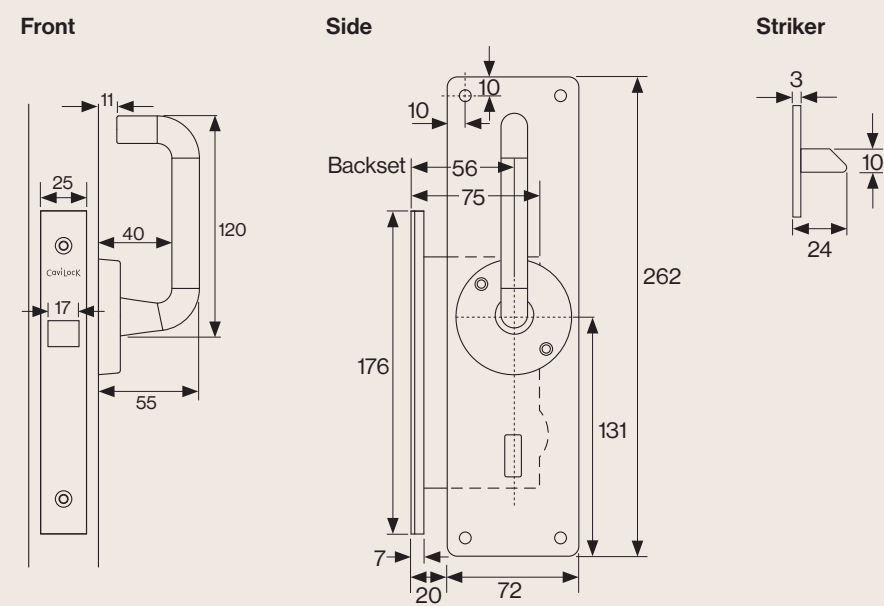

The CL100 LaviLock is a sliding door lockset meticulously crafted for accessibility, ease of use, and lasting performance. Specifically designed for commercial bathrooms and public toilets, this innovative lockset redefines convenience for users with disabilities. Its sleek design and robust construction ensure effortless access and unmatched durability, making it perfect for high-traffic environments.

Supplied as a Left Hand or Right Hand set including Lever Handles, Stainless Steel Indication Plates, Slide Locking Buttons, Emergency Release and CL100 Mortise Lock Case.

Features

- Compliant with NZ4121:2001, the LaviLock is easy to use - no tight pinching or twisting of the wrist is needed to operate the handle.
- The LaviLock face plate provides clear signage for “Vacant” or “In Use” on the outside, and bold letters showing locking and unlocking directions on the inside door face
- Ultra-durable and corrosion-resistant construction
- Suitable for cavity slider or surface sliding doors
- Exit Free
